

New way of saving ENERGY and COST in conveyor applications..

By shift our mind to use Brushless motor against 3 Phase AC Motor + VFD..

Advantages of using Brushless DC Motor in conveyor applications..

- Compact & lightweight, one person can set up easily.
- No Maintenance hence can save travel cost.

Specification Comparison

Brushless DC Motor	AC Motor 3 Phase
Model No: BLHM450K-20+BLHD50K+LHS003CC 	Model No: 1/4 HP Motor + Gear + VFD
Power: 50W Gear Ratio: 1:20 Rated Torque: 3.4N.m Speed Range: 4~125r/min	Power: 180W Gear Ratio: 1:20 Rated Torque: 14.2N.m Speed Range: 70r/min
Price: INR 29,134	Price: INR 31,902
